FOR IMMEDIATE RELEASE

Tiny Cottagers Once Again Graciously Support Wye Marsh

October 21, 2009

Once again members of the Federation of Tiny Township Shoreline Associations participated in the Tiny Cottager Challenge and spent part of the summer raising money for the Wye Marsh Wildlife Centre. Seasonal residents enjoy the many attractions of the Marsh. Their children and grandchildren go to its camps. So this year, in addition to raising funds to attract doctors and help fund local hospitals, five associations also raised \$1,685 for the Wye Marsh. They were the Addison Beach Assoc., the Bluewater Georgina Wendake Beaches Assoc, the North Tiny Community Assoc., the Nottawaga Beach Assoc., and the Wahnekewening Community Assoc.

-30-

Wye Marsh is a non-profit charitable organization dedicated to operating year-round programs for the public, students and other organizations to promote awareness, appreciation, understanding and enjoyment of our environment and wildlife resources in the Wye Valley.
